

An architectural rendering of a modern building complex. The scene features two main structures: a stepped, multi-story building on the left and a larger, more uniform building on the right. Both buildings have a light-colored, textured facade and extensive glass windows. The ground floor of the larger building is a long, open space with large glass doors and windows, suggesting a public or commercial use. The building is surrounded by a landscaped area with trees and a road with cars. In the foreground, there is a field of tall grass and purple flowers. The sky is a clear, deep blue.
